

Liebe Mitglieder des ÖIV

Ab 2013 dürfen FIZO Prüfungen nur mehr auf dafür FEIF zertifizierten Bahnen ausgerichtet werden.

Im Anhang findet Ihr eine Liste der Bahnen, die zurzeit in Österreich genehmigt sind. Diese Liste kann selbstverständlich dahingehend erweitert werden, dass auch andere Bahnen, die den Vorgaben entsprechen aufgenommen werden können und sofort die Gültigkeit zur Ausrichtung einer FIZO erlangen.

1. Ihr wollt Eure Bahn überprüfen lassen ?

zucht@oeiv.org

Wir melden uns umgehend bei Euch und legen einen Besichtigungstermin fest.

Kosten: amtlicher KM Geld - und der Gebührenordnung entsprechender Tagsatz.

2. Ihr habt Fragen bei der Planung einer FIZO Bahn ?

zucht@oeiv.org Wir helfen Euch und geben Auskunft

3. Ihr wollt Eure bestehende Bahn FIZO zertifiziert haben ?

zucht@oeiv.org

Wir helfen Euch bei eventuell notwendigen Änderungen

4. Ihr findet Eure Bahne n i c h t auf der Liste ?

zucht@oeiv.org

Wir erklären Euch gerne warum und schlagen Euch - je nach Änderungskriterien - andere Lösungen vor.

Die wesentlichen Punkte sind:

- + die Einsicht des Richterkollegiums (besonders in den Wendebereichen)
- + der Abstand des Richterkollegiums
- + die Länge und Breite der Bahn
- + die Bodenbeschaffenheit
- + die Zäunung

Venue/Track:	Andorf
Country:	Austria
Date of certification:	2012
Facility for judgment of conformation.	
Are the facilities indoors?	yes
